

PRINCE2® PRACTITIONER: From Theory to Practice

The current workshop prepares for the PRINCE Practitioner Exams.

PRINCE2® (PRojects IN Controlled Environments) is a process-based approach for project management providing an easily tailored and scalable method for the management of all types of projects. The method is the de-facto standard for project management in the UK and is practiced worldwide. AllianceStudy has been assessed after rigorous evaluation and conferred the title of Accredited Training Organization (ATO) by APMG Group, UK.

There are two levels of qualification for PRINCE2. The Practitioner Level is the second level and candidates must pass the Foundation exam before proceeding to the Practitioner level. The Practitioner Level aims to measure whether the candidate is able to apply PRINCE2® methods to managing and executing a Project, and if he is able to fine tune PRINCE2® to different project circumstances and understand the relationship between processes, components and techniques.

CODE: ED25A22

DURATION: 21 hours

START DATE: 06/03/2025

AUDIENCE PROFILE:
